## **DETAILED ACTION**

### ***Reasons For Allowance***

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the claimed combination including the limitations directed to the specifics of an engine intake valve, comprising: a second clearance dimension between an inner surface of a valve guide and an outer surface of a valve stem, wherein the second clearance dimension is sized to accept a volume of oil quantified to dissolve high boiling fraction from the fuel to lessen the accumulation of high boiling fraction between the valve stem and the valve guide, is not disclosed or rendered obvious the art of record.

Regarding claim 8, the claimed combination including the limitations directed to the specifics of an engine intake valve guide, comprising, a first channel formed in the valve guide surface for receiving oil from an oil reservoir, wherein the first channel is sized to receive a volume of oil quantified to dissolve high boiling fraction from fuel to lessen the accumulation of high boiling fraction between a valve stem and the said surface for guiding the valve stem, is not disclosed or rendered obvious the art of record.

Regarding claim 13, the claimed combination including the limitations directed to the specifics of a method for dissolving or diluting high boiling fraction from fuel at an engine intake valve stem, comprising: passing a volume of oil through a first channel disposed between a valve stem and a valve guide; and receiving the volume of oil at a

second channel disposed at the second end of the valve guide, the volume of oil quantified to dissolve high boiling fraction from fuel to lessen the accumulation of high boiling fraction between the valve stem and the valve guide, is not disclosed or rendered obvious the art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
